# 45th Anniversary International Recovery Boiler Conference

Lahti, Finland  
June 3-5, 2009

## Invitation

The Finnish Recovery Boiler Committee has promoted safe, economic and environmentally friendly operation of recovery boilers and closely related processes since 1964.

The organisers of the Recovery Boiler Conference invite all persons interested in the field of chemical recovery to participate in the 45th Anniversary International Conference to be held in Lahti Finland, June 3-5, 2009.

## Conference Programme

The programme of the conference consists of presentations from internationally known researchers and experts with following concepts:

- Newest recovery boiler designs
- Materials and corrosion
- Black liquor combustion
- Potassium and chloride in recovery cycle
- Black liquor gasification – future or past

## Poster Session

The programme is open for poster presentations. More information about the poster session is available on the website [www.soodakattilayhdistys.fi/45yr.html](http://www.soodakattilayhdistys.fi/45yr.html).

## Evening events

On 3 June, 2009, there will be Vesijärvi cruise from the harbour on a paddle-wheel steamer M/S Vellamo.

A conference dinner will be arranged on 4 June, 2009 at the Sibelius hall. Before the dinner there is a Music Moment in the Main Hall.

## Registration

Please, register for the conference at [www.soodakattilayhdistys.fi/45yr.html](http://www.soodakattilayhdistys.fi/45yr.html). The registration deadline is 20 March, 2009.

## Travel

Lahti, located about 100 km north-east from Helsinki, can be easily reached by car, train or bus within a one hour from Helsinki or Helsinki-Vantaa airport.

Return trip from Lahti to Helsinki will be arranged by historical Ukko Pekka steam train.

## Further Information

For more information about the conference and the final conference programme, please see [www.soodakattilayhdistys.fi/45yr.html](http://www.soodakattilayhdistys.fi/45yr.html).
